## YXNU IN BRIEF

Yuxi Normal University is located in one of the famous Top Ten Easygoing Livable and Environmentally Friendly Cities of Central Yunnan Province, Yuxi city, Nie Er's hometown.

Yuxi Normal University is a full-time undergraduate-level university in Yunnan Province, which has 56 undergraduate majors and 13000 full-time students and 880 teachers and staff.

With the promotion of China's One Belt and One Road strategic planning, Yuxi Normal University has taken the initiative to integrate and serve major strategies of China and Yunnan and has always held the concept of globalisation at its heart. At the same time as reinforcing the establishment of long-term and stable cooperative

relationships with universities and schools in Thailand, Burma, Laos and other neighboring countries, the university has also successively carried out various forms of joint education, from exchanges of teachers and students to academic and cultural exchanges with universities and colleges from the United States, Australia, Bulgaria, Canada, Korea and other countries. Yuxi Normal University has set up 20 internship bases abroad and 3 Chinese Language and Culture Centers overseas. At the same time, we also serve as the first Chinese language and culture education base for the Yunnan Province as well as a test site for the Chinese language proficiency exam otherwise known as HSK.

## A brief introduction to the School of International Culture and Study

The School of International Culture, formerly known as The International Cultural Exchange Center, is an important platform by which Yuxi Normal University can carry out international education exchanges and foreign student education. It has established degree-level education curriculum and a non-degree-level education curriculum for a Chinese language major of which more than 3,000 international students from more than 20 countries including the United States, Thailand, Canada, the United Kingdom, Australia, Germany, Japan, Norway, Iceland, France, South Korea, Singapore, Laos, Jamaica and India have benefited for more than 20 years.

Meanwhile, as the overseas Chinese language education base in Yunnan Province and HSK test site The School of International Culture provides a good education foundation for transmitting excellence in Chinese cultural knowledge. Improving the Chinese language skills of Southeast Asian young adults and training of overseas Chinese teachers, which play a great significance in the development of the One Belt and One Road initiative.
